

NEW FOR 2018

- **We will ask to see your insurance card at every visit.**
- **It is the patient's responsibility to give us the correct insurance information. If your claim denies for past timely filing limits, because we did not have the correct insurance information on file, the patient will be responsible for the balance.**
- **All co-pays must be paid at the time of service.**

NEW STATE LAW

- **If your child needs a referral, you must sign a waiver for each appointment. We will not schedule a specialist appointment for your child if a waiver is not on file. NO exceptions.**

Thank you!
